Spring Session, May-June 2010

Mesoamerican Ethnoecology

Anthropology 495 (3 units)
Dr. Janine Gasco, Instructor

Travel to Southern Mexico and discover the many ways that families interact with their environment. Course includes 14-day trip to Chiapas, Mexico (tentative dates, May 26-June 9), where students conduct ethnoecological fieldwork and visit museums and archaeological sites.

In addition to enrollment fees, students pay for their own travel, food, and lodging which will range from $1100-1300.
