The way this program is structured is almost revolutionary. It’s structured but still allows its students to creatively explore their fields of study and be independent…This program has been ahead of its time.

David Marks
HUX M.A. Grad

IT’S YOUR WORLD: LEARN IT

IT’S YOUR DEGREE: EARN IT!

The Humanities Master of Arts (HUX) program celebrates the Humanities, distance learning, and YOU!

Educators, military officers, administrators, and professionals in business, healthcare, and law find study of the humanities instrumental in mastering critical thinking, writing, and analysis and synthesis of multiple paradigms and perspectives. Graduates of the HUX M.A. program include nationally known broadcasters, military leaders, innovative educators, screen writers, marketing professionals, and college faculty.

The Program

The M.A. in Humanities program offers advanced disciplinary and interdisciplinary study of the Humanities: History, Literature, Art, Philosophy and Music. Correspondence courses, guided by expert faculty, engage distance learners in the region and around the world. The curriculum addresses the needs of those interested in deepening their knowledge of the arts and Humanities in innovative, practical, and global contexts. The HUX program enables students to

• Examine a broad curriculum of texts and cultural artifacts
• Apply frameworks for organizing cultural knowledge
• Identify the applicability of rhetorical and critical thinking competencies to practical and marketable as well as academic situations
• Apply knowledge and values derived from the Humanities to engage and impact communities--local, national, and global
• Innovate and create through engagement with a variety of critical and imaginative constructs

Special Features

• All courses offered in convenient year-round trimesters, with no campus attendance required.
• Courses conducted via correspondence with online option for some courses
• Opportunities for mentored independent research courses
• Disciplinary, Interdisciplinary, and Creative Study concentrations available
• Capstone Experience: Formal thesis or project
• Admission with B.A. or B.S., not necessarily in the Humanities, from a regionally accredited college or university; GPA 3.0 or better in last 60 semester (90 quarter) units of upper division course work attempted. (Inquire about special consideration.)

HUX students regularly take top honors in the CSUDH Graduate Thesis/Project of the Year.
