Coverage through the CalPERS Long-Term Care Program can provide peace of mind. Use this program overview to better understand the types of coverage available to California public employees and their eligible family members. Additional details can be found online at www.CalPERSLongTermCare.com.*

CalPERS Comprehensive Plan
With a Comprehensive Plan, applicants choose from three pre-packaged options or they can customize a plan. The Comprehensive Plan offers benefits for three, six or 10 years.

Comprehensive Plan Packages:

- **Essential/3-Year Plan**
  - Daily benefit amount – $150/day
  - Benefit period – 3 years
  - Inflation protection – 3 percent simple interest
  - Restoration of benefits

- **Choice/6-Year Plan**
  - Daily benefit amount – $180/day
  - Benefit period – 6 years
  - Inflation protection – 3 percent simple interest
  - Survivorship benefit when spouses or domestic partners have identical coverage

- **Premier/10-Year Plan**
  - Daily benefit amount – $200/day
  - Benefit period – 10 years
  - Inflation protection – 3 percent simple interest
  - Survivorship benefit when spouses or domestic partners have identical coverage

**Comprehensive Plan – Custom Package:**

- **CustomSelect Plan**
  - Daily benefit amount – Choose an amount between $150 and $400; in $10 increments
  - Benefit period – Choose 3, 6 or 10 years
  - Optional inflation protection – Choose among:
    - 3 percent simple interest
    - 5 percent simple interest
    - 3 percent compound interest
    - 5 percent compound interest
    - Benefit increase option
  - Optional benefits – Choose among:
    - Restoration of benefits
    - Return of premium at death
    - Survivorship benefit when spouses or domestic partners have identical coverage
    - Nonforfeiture

* Please see the Outline of Coverage for more detailed information about standard and optional benefits. Note that not all optional benefits are available for all plan configurations.
California Partnership Plan
Comprehensive Coverage

With a California Partnership Plan, participants avoid the current requirement to “spend down” assets in order to qualify for Medi-Cal benefits. If a participant uses plan benefits in full and still needs long-term care, they may apply for Medi-Cal under special asset rules applicable only to persons with a California Partnership Plan. The California Partnership Plan is offered through a partnership between CalPERS and the California Department of Health Care Services. While you may reside and receive care outside of California while using the benefits of CalPERS Long-Term Care coverage, you must be a California resident when you apply for Medi-Cal and take advantage of your accumulated California Partnership asset protection.

California Partnership Plan:
• Daily benefit amount – Choose an amount between $180 and $400, in $10 increments
• Benefit period – Choose between one or two years of coverage
• Inflation protection is automatic and is based on your age when you apply for coverage
  » If you are between ages 18 and 69, 5 percent compound interest is included.
  » If you are between ages 70 and 79, you must choose between:
    ◦ 5 percent simple interest
    ◦ 5 percent compound interest
• Optional benefits – Choose among:
  » Nonforfeiture
  » Return of premium at death
  » Survivorship benefit when spouses or domestic partners have identical coverage

CalPERS Long-Term Care coverage is portable, even when a participant moves, retires, changes employers or marital status changes.

CalPERS Long-Term Care coverage offers these standard benefits*:

Marital Discount
A discount is available to married couples and to domestic partners if both partners are eligible and apply for coverage. If both spouses or partners apply for CalPERS Long-Term Care coverage and both are approved, a 25 percent discount is applied to the cost of both premiums. If only one spouse is approved, a 10 percent discount is applied to the approved spouse’s or partner’s premium.

The marital discount is also available at the 10 percent discount level to new applicants if one of the spouses or partners has coverage from a previous CalPERS Long-Term Care plan (coverage purchased prior to 2014). See Outline of Coverage for additional details.

Coverage is Guaranteed Renewable
We cannot cancel or refuse to renew your coverage until benefits have been exhausted as long as you pay premiums on time. Your premiums will never increase due solely to a change in your age or health. CalPERS can, however, change your premiums, but only if we change the premium schedule on an issue-age basis for all similar coverage issued in your state on the same form as this coverage. We must give you at least 60 days written notice before we change your premiums. The premiums for any increases in coverage, which you voluntarily elect, will be based on your age at the time you elect the increase.

* Please see the Outline of Coverage for more detailed information about standard and optional benefits. Note that not all optional benefits are available for all plan configurations.
International Care Benefits
CalPERS Long-Term Care Program provides limited benefits for covered services received outside of the United States, its territories and possessions, while a participant is a resident at an eligible facility. We will reimburse up to 50 percent of the daily benefit amount for up to 365 days over the life of the coverage.

Care Advisory Services
CalPERS Long-Term Care Program Care Advisory Services will help identify the long-term care services that best meet a participant’s needs. Care Managers are also available to provide assistance over the life of the coverage.

Independent Providers
CalPERS Long-Term Care Program allows participants flexibility to hire an independent provider who will provide assistance and care at a participant’s home. An independent provider is not a family member, spouse or domestic partner, roommate, business partner or legal representative. Eligibility requirements must be met.

Stay-At-Home
Designed to help a participant remain at home instead of moving into a facility, the limited stay-at-home benefit covers home modifications, emergency medical response systems, durable medical equipment and informal caregiver training. Eligibility requirements must be met.

Home Care Monthly Allowance
For care at home, the CalPERS Long-Term Care Program offers a monthly allowance rather than a set daily amount. The home care total monthly allowance offers flexibility to receive care only when a participant needs it, as long as the total monthly maximum is not exceeded.

No Exclusions for Pre-Existing Conditions
Once a participant is accepted for CalPERS Long-Term Care coverage, there are no limits or exclusions on coverage based on health status prior to their application being accepted.

Or, tailor a plan by choosing one of these optional benefits*:

Restoration of Benefits
The benefit period will be totally restored if a participant recovers and is not eligible for benefits for at least 180 consecutive days. The maximum amount that can be restored over the life of the coverage is equal to the original total benefit amount purchased. This option is only available when selecting three or six-year benefit periods.

Return of Premium at Death Benefit
Returns to a participant’s estate a percentage of premiums paid, minus the claims paid, based on age at death.

Survivorship Benefit
If both spouses or domestic partners have this optional benefit, the long-term care coverage for a surviving spouse or partner will be paid up if one spouse or partner dies after the end of the 10th year. Spouses or domestic partners must choose identical coverage.

Nonforfeiture Benefit
This optional benefit is designed to provide a continuation of coverage (up to a specified dollar amount) if coverage lapses due to nonpayment.

* Please see the Outline of Coverage for more detailed information about standard and optional benefits. Note that not all optional benefits are available for all plan configurations.
