4. Arrange to take the English Placement Test (EPT) or Entry Level Mathematics Test (ELM) unless exempt

CSU placement tests (EPT & ELM), if required, must usually be taken by the first Saturday in May of senior year in secondary school. All students admitted to the CSU must satisfy the EPT and ELM requirements to enroll in college level English and math courses. To understand these requirements, find out who must take them, and to learn how to satisfy the requirements, please visit the EPT and ELM Information Bulletin, the CSU Math Success Website, and the CSU English Success Website.

What happens next?

You will receive an application acknowledgment from the campus to which you applied. Read it carefully and follow any instructions about when to send in documents or when to take placement tests.

You will receive notification of your admission status.

When you are admitted to the campus, you will receive information about orientation, registration, and other activities for new students.

Address Verification

Please note: Some of the address questions on this screen are checked against a national U.S. database maintained by the United States Postal Service. In order to conform to USPS address standards, some of the address information you enter below may be reformatted or modified slightly.

If an address cannot be recognized by the database, an error message will appear. You may correct any errors or, if you believe the information to be correct, override this application's checks and proceed with your entry. If you choose to override the check, please make absolutely certain the address you entered is correct. Any errors could delay the processing of your application or the receipt of school materials.

Applicant Information

Social Security number: [Redacted]
Reenter your Social Security number (for verification): [Redacted]

You are required to include your Social Security number on admission application forms to all CSU campuses pursuant to Section 41301, Title 5, Code of California Regulations and Section 6103 of the Internal Revenue Code. CSU campuses may use the Social Security number to identify your student records maintained in your association with the campus and, if needed, to help collect debts owed the university. Also, the Internal Revenue Service requires the university to file information returns that include the student’s Social Security number and other information, such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether you, or a person claiming you as a dependent, may take a credit or deduction to reduce federal income taxes.

If you do not have a Social Security number at the time you file the application, you may leave the item blank and the campus will assign a temporary number. However, you should obtain a Social Security number, unless you are prohibited by law from doing so, and submit it to the university by the time you begin enrollment. Failure to furnish your correct Social Security number may result in the imposition of a penalty by the Internal Revenue Service.

California Statewide Student ID: [Redacted] (for California residents only, if known)

The CSIS Student Identifier allows an individual student's data to be uniquely distinguishable from that of other students and to be consistently identified over their entire K-12 academic career. The CSIS Identifier is a ten digit, random numeric value that is intended to be stored on the student’s district so that it may be associated with that student. The CSIS Student Identifier is non-personally identifiable back to an individual student. The state will not have access to student names. Click here for more information on the CSIS Student Identifier.

Enter test score(s) and date(s) taken or will be taken. Please note: CSU campuses will not use the SAT or ACT writing scores for 2010-2011 admission decisions.

TOEFL scores are required of applicants who have not studied full time for at least three years in environments where English is the language of instruction. Some campuses allow students to substitute the IELTS (International English Language Testing System) results for the TOEFL.

Transfer applicants: You are not required to complete SAT or ACT information if you will have 60 or more semester units (90 or more quarter units).

HIGH SCHOOL PREPARATION 1

Please fill out this section if
1. you are a graduating high school senior, OR
2. you have fewer than 60 transferable semester units

Enter all college preparatory courses in the appropriate section. College prep courses must be on the UC approved a-g course list. For completed courses, select the grade earned; if in progress or planned, select "In progress" or "Planned" instead of a grade. List only courses that can be verified by your final transcript. List college preparatory elective courses in applicable subject area. If you are listing courses taken at a community college or at a high school other than the one you will graduate from, please enter its name within the title field. If your school is not on the semester term calendar, see the Instructions section for more information.

Do not enter the same high school course in more than one area. Each course may only be assigned to one area. Assigning the same course to two or more different areas may delay the processing of your application.

Please note: Do NOT use the skip and jump feature or close your browser if you've made any changes as it could result in lost or incomplete data.

Warning for Missing Coursework

Your submission for this screen was not accepted and cannot be saved until you correct the following errors or omissions:

- You must specify at least 4 years (8 semesters) of English courses (you are missing 4 semesters)
- You must specify at least 3 years (6 semesters) of mathematics courses (you are missing 6 semesters)

If you cannot correct the errors on this page and would like to come back to it later, you can move on using the Skip & Jump feature.

Before leaving the high school preparation screens, be sure you have entered all of your courses correctly. Please review the Instructions text by clicking on the Instructions button on the left hand side of screens 7 or 8 for further information. Pay particular attention to the Instructions information regarding the entry of college courses taken while in high school, the entry of block courses, and the entry of trimester courses. Also, be sure to enter your 12th grade courses in progress and planned.

If you have not completed the high school preparation coursework and still want to apply, you may override the data validation check for this screen by checking the box below and moving to the next section.

Completing the CSU high school preparation requirements below is important however. Failure to complete them may delay a decision on your application. Please note that some campuses do not allow changes/corrections to the application once submitted so be sure that your information is correct prior to submitting your application.
